## Software Developer | Lifelong Learner

Colorado Springs, CO 80917

[thereallouiew@gmail.com](mailto:thereallouiew@gmail.com)

4094609950

I am a software developer with a passion for learning about cutting edge technology. I have found my niche building beautiful, user-first software that solves real problems for real people. Contact me for references! I am currently looking for work in the US.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

## Work Experience

---

### Software Developer

FitSW - Colorado Springs, CO

January 2020 to May 2020

At FitSW I designed, built and tested several product-critical client facing features, including the ability for personal trainers to sell packages of their services and the ability for personal trainers to create subscriptions that their clients can then subscribe to. These features caused an almost 100% increase in fee revenue on our stripe connect platform. I was also tasked with building analytics and squashing bugs as they were reported by users, among other smaller projects. Day to day I used PHP, jQuery, JS, Bootstrap, HTML and CSS.

### Jr. Web Developer

NativeRank - Denver, CO

September 2019 to January 2020

At NativeRank, I built pixel-perfect custom web solutions for enterprise level consumers, leveraging mockups provided by the design team. Day to day I used HTML/CSS, LESS, UI Kit, Handlebars.js, PHP and Wordpress.

### Phone Repair Technician

Dr. PhoneFix - Colorado Springs, CO

2017 to 2018

### Customer Service Representative (CSR)

Xerox - Colorado Springs, CO

2015 to 2016

## Education

---

### Bootcamp Program in Full Stack Web Development/Computer Science (Hired Out)

Lambda School - Remote

2019 to 2019

## **GED**
